Dear Sir / Madam,

**2020 BSc Hons (HUMAN BIOLOGY) DEGREE COURSE AT THE FACULTY OF MEDICAL SCIENCES,
UNIVERSITY OF SRI JAYEWARDENEPURA**

With reference to letter number UGC /AC/05/01/12(a) dated 13th March 1995, issued by the University Grants Commission (copy attached) we invite applications from students of the Bio Science stream of the Faculties of Science/Applied Sciences who have completed their first year with Chemistry and Biology or other relevant subjects to follow our BSc Hons (Human Biology) Degree Course.

Applicants should have minimum of B Grade average in the above subjects and in addition B grade passes in Chemistry and Biology. In addition to the first year spent at your University (30 credits worth academic work) a further three & half (3 ½) academic years duration is required to complete the course.

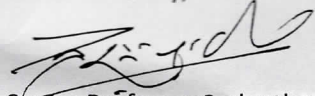

We would be grateful if you would forward the applications of interested qualified students to follow this course. The relevant information and specimen application form are attached herewith and also available on web/ Faculty of Medical Sciences www.sjp.ac.lk/fms

UNIVERSITY OF SRI JAYEWARDENEPURA

(for the degree of BSc Hons (Human Biology)/BSc General (Human Biology))

This is a non-medical course of Three & Half years (3 ½) duration. The students selected for this course are those who have not been selected for the MBBS degree course.

The number of persons to follow this course to be initially limited to ten.

Selection requirements:

Students who have successfully completed the first year of the course in Bio Science in a University having studied Chemistry and Biology will be eligible to apply for transfer to the Faculty of Medical Sciences.

Selection will be made by the Faculty of Medical Sciences, University of Sri Jayewardenepura, on the results of the first examination in Bio Science and on the performance at an interview. The selected students will be transferred to the Faculty of Medical Sciences, to proceed with the course leading to the degree of BSc in Human Biology.

Duration and main areas of the Course in B.Sc Human Biology:

All students should have already completed one year in the BSc Bio Science course. Thereafter the course will be of three and half years duration and it will be conducted in the Faculty of Medical Sciences. These students will follow the University course in Anatomy, Biochemistry, Physiology, General Pathology, General Pharmacology, General Microbiology and General Parasitology for two years. In the final year they may choose Specialty in one of the following subjects.

- (a) Food and Nutrition
- (b) Biochemistry
- (c) Microbiology
- (d) Anatomy

(And any other which may be approved by the University Senate).

The degree of **BSc Hons (Human Biology)** will be awarded on successful completion of the prescribed Examination.

Those who fail to attain standard in Pre - Clinical subjects in the first 5 terms can only follow a BSc General (Human Biology).

UNIVERSITY OF SRI JAYEWARDENEPURA
FACULTY OF MEDICAL SCIENCES
